New science education newsletter: Xplora

European Schoolnet is soon launching a new portal for science teachers, including primary school teachers who teach science, called Xplora! To accompany the portal, there will be a brand new newsletter in English, French and German. It will include news about projects, activities, resources and much more.

To become a subscriber, and receive the first issue, please email [alexa.joyce@eun.org](mailto:alexa.joyce@eun.org) - don't forget to state your preferred language.
